Weight	146.0 lbs. (66 kg)
Shipping Weight	177.0 lbs. (80 kg)
Estimated Time to Ship	Out of stock; ETA 5/18/2020

### DESCRIPTION

Experience the ultimate in convenience with the commercially approved Accucold countertop water and ice dispenser.

The AIWD282 is ETL-S listed to NSF-12 commercial standards. Measuring 18 3/4 inches from the front leg to the unit rear makes this a perfect fit on standard counters. This unit can produce up to 282 pounds of ice per day. Three dispenser functions - ice, water, or ice+water - provide expanded functionality, while the illuminated display ensures easy access and control of the unit.

Adjustable legs offer flexible height options, while the stainless steel front provides a professional look. The removable tray and sealed back make for easy cleaning, and the bacteria-killing UV dispenser light keeps the unit sanitary. This unit must be used with a drain and should be placed in a space that

Parts & Labor Warranty	1 Year
Compressor Warranty	5 Years

allows for draining below the unit. It is top vented.

With its countertop footprint and large production output, the AIWD282 is the perfect unit for hospital waiting areas, break rooms, or similar settings looking for a water and ice dispenser that is attractive and efficient.

### Icemaker

Height Adjustable	Yes
Drain Required	Yes
Daily Ice Production	282.0 lbs. (128 kg)
Ice Storage Capacity	11.0 lbs. (5 kg)
